

Netherby Playgroup 2024

A Warm Welcome to our 2024 Playgroup Families 😊

Playgroup is a wonderful way for your child to become familiar with the kindergarten environment and our educators. Building relationships with educators supports a smoother transition into the kindergarten program. **We encourage outdoor play during this session and suggest families dress accordingly (eg layers for winter).** We place a high value on this space with a huge sandpit with water pump, mud kitchen, bush garden to explore, cubbies, climbing equipment and so much more.
